1. Introduction

This annual report describes how the Northern Pipeline Agency (NPA) met its responsibilities in administering the *Privacy Act* (Act) during fiscal year 2021-2022.

The *Privacy Act*

The purpose of the *Privacy Act*, which came into force on July 1, 1983, is to provide individuals with the right of access to and correction of personal information about themselves that is under the control of a government institution. The Act also provides the legal framework for the collection, retention, use, disclosure, disposition and accuracy of personal information in the administration of programs and activities by government institutions subject to the Act.

Section 72 of the *Privacy Act* requires that the head of every government institution prepare an annual report on the administration of the Act during the financial year and table it in Parliament.

The Northern Pipeline Agency

Description

The NPA was created with the proclamation of *the Northern Pipeline Act* in April 1978 to oversee planning and construction of the Canadian portion of the Alaska Highway Gas Pipeline Project by the Foothills Group of Companies. The Minister of Natural Resources is responsible for the *Northern Pipeline Act*, and for the management and direction of the NPA and reporting to Parliament on its activities. The Deputy Minister of Natural Resources Canada serves as the Commissioner of the NPA.

Mandate

The NPA mandate is twofold. First, it carries out Government of Canada responsibilities in relation to the pipeline and facilitates the efficient and expeditious planning and construction of the pipeline, taking into account local and regional interests, in particular those of Indigenous peoples. Secondly, it maximizes the social and economic benefits from the construction and operation of the pipeline while at the same time minimizing any adverse effect on the social and environmental conditions of the areas most directly affected by the pipeline.

The NPA acts as a single window between federal authorities and the Foothills Group of Companies (now owned completely by TC Energy), and between provincial and territorial governments, and the Government of the United States. In keeping with the *Northern Pipeline Act*, many regulatory powers of other Government of Canada departments and agencies related to the pipeline project are delegated to the NPA. This is not the case for those powers reserved exclusively to the Canada Energy Regulator or shared between the Canada Energy Regulator and the NPA.

2. Organizational Structure

Privacy-related activities for the NPA, such as the processing of requests under the *Privacy Act*, are handled by Natural Resources Canada's (NRCan) Access to Information and Privacy (ATIP) Secretariat, as per the NRCan-NPA Service Letter of Agreement. There were 0.003 full-time equivalents dedicated to support the NPA's privacy function during the reporting period.

3. Delegation Order

See Annex A for current delegation order.

- **Consultations received and/or completed from other institutions:** From April 1, 2021 to March 31, 2022, the NPA did not complete any consultation from another federal government institution. This is consistent with the 2020-2021 and 2019-2020 reporting periods.
